

In the 2022 MAD calendar year the FREE community meals program has been incorporated in order to hear the different voices of our community over a MAD meal provided by a local small business. Once a month the MAD foundation will host a MAD Community meal event for a maximum of 25 individuals that fall into the designated category of each month.

The MAD Foundation, with permission of a special guest, will supply the proper community leader or organization with valuable information obtained during conversation. By hearing the voices of the people and informing the proper authorities, MAD believes that our FREE MAD Community Meals will create a safe place for people to release and MAD will be a resource for authorities to receive more information to better assist the people of the community.

Each meal is budgeted at \$25 per special guest (\$625 per month) Yearly Budget of \$7,500 per year.

January Bereavement And Grievors

February Educators

March Law Enforcement

April Citizens with Disabilities (Disability Awareness Month)
